## From the Chair

In this issue, we introduce our updated Breast Clinic at the Barrett Center, and we acknowledge the UC Radiologists who were recognized in this year's Best Doctors surveys. You can also read about our resident Saad Ranginwala's efforts to use new social media in radiology.

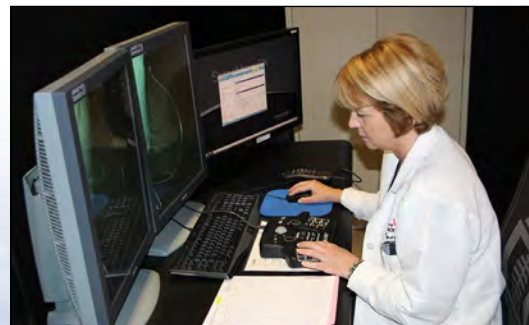

## Barrett Breast Clinic Moves and Updates

The Breast Clinic in the Barrett Cancer Center has undergone a complete makeover, as part of a larger rebuilding of the second floor of the Barrett. The total space has been expanded from 12,000 to 20,000 square feet, making room for medical oncology, chemotherapy infusion, and gynecologic oncology on the same floor, forming a comprehensive women's cancer center.

To avoid interrupting service to the public, the new Breast Clinic facilities were built first; after the BIC moved, their old space was remodeled for the other services. The project started in April 2014 and will not be completed until early summer of 2015, but already visitors to the Breast Clinic are greeted by more welcoming surroundings. Grand Opening ceremonies for the new Center for Women's Cancer at the Barrett Cancer Center will be held June 24 and 27. —

The new Breast Clinic waiting room (above) awaits some finishing touches, but is already in use. There is a larger reception area for the Center for Women's Cancer. Mary Mahoney, MD (below) in one of three new reading rooms.

- 3 Department Updates
- 5 Top Docs
- 5 2016 Match
- 6 Publications, Presentations

There are two ultrasound (left) four mammography (center) and two biopsy rooms (right) in the new clinic.

## Exploring New Uses of Social Media

Second year resident Saad Ranginwala, MD has been exploring the application of social media to share medical knowledge, working with Alex Towbin, MD, Neil D. Johnson Chair of Imaging Informatics at Cincinnati Children's Hospital Medical Center.

Saad Ranginwala, MD

Led by Dr. Towbin, CCHMC Radiology has moved aggressively into the use of social media such as Facebook and Twitter to communicate with professionals and the public under the name @CincyKidsRad. With his previous experience in using social media for emergency ultrasound education at Ohio State University, Dr. Ranginwala pioneered the department's use of Instagram for teaching purposes. On the heels of the success of Instagram, they were invited to create the first hospital-run channel on Figure1, a specialized medical image-sharing app – "Instagram for doctors" as it has been described. In January, 2015, CCHMC began posting regularly to the site.

Alex Towbin, MD

@CincyKidsRad on Figure1 features a regular rotation: #MSKMonday; #TummyTuesday; #NeuroWednesday; #ThoraxThursday; and #FridayQuizDay. A post can include multiple images, and comments are invited. After a few weeks, the channel had several hundred followers and a typical post was viewed by an average of almost 40,000 medical professionals. Dr. Ranginwala produces most of CCHMC's content for both Figure1 and Instagram, while Dr. Towbin writes most Twitter and Facebook content.

Dr. Ranginwala was principal author of two posters, "Using Social Media to Help Promote a Radiology Department" and "Teaching Radiology Using Instagram" at RSNA 2014; the latter won a Certificate of Merit award. An ePoster, "Social Media: The next frontier in radiology education?" will appear at ACR in May 2015 and an exhibit, "Using Instagram to deliver radiology education" is scheduled at Society of Imaging Informatics in Medicine in May 2015. He looks forward to developing the social media presence of both CCHMC and UC Radiology in the future.

A sample post on Figure1.

# @CincyKidsRad

## Mary Mahoney Appointed to RSNA Board

Mary Mahoney, MD

Dr. Mary Mahoney, Interim Chair of the University of Cincinnati Department of Radiology, was appointed to a full eight-year term on the Board of Directors of the Radiologic Society of North America at their annual meeting in December, and will serve as RSNA Liaison for Publications and Communications. She had been serving in these positions on an interim basis since April, 2014.

## England Receives Whitley Award

Eric England, MD

Eric England, MD received the 2015 Joseph E. and Nancy O. Whitley Award at the Association of University Radiologists (AUR) Annual Meeting in New Orleans on April 15, 2015. The Whitley Award recognizes the year's best manuscript on a subject related to radiology education. Dr. England presented his paper, "Radiology Report Turn-Around Time: Effect on Resident Education" as a Scientific Session on April 16. Dr. England is Director of the Residency Education Program at UC Radiology.

## Moulton Named Chief of Abdominal Imaging

Jonathan Moulton, MD

Jonathan Moulton, MD, Professor of Radiology, was named Chief of the Abdominal Imaging Section of the University of Cincinnati Department of Radiology in February 2015. Dr. Moulton earned his MD from Hahnemann University in Philadelphia, in 1982 and completed both his Radiology residency and a fellowship in CT/MRI/ Ultrasound/Angiography at UC. He chairs the UC Credentials Committee and was Interim Vice Chair of the Radiology Department in 2008-9. Dr. Moulton succeeds Arthur Parsee, MD, who left the department to join University Hospitals Case Medical Center in Cleveland.

## Flink Named Emergency Section Chief

Carl Flink, MD

Carl Flink, MD has been named Section Chief of Emergency Radiology. He earned his MD at the University of Cincinnati and completed an MSK fellowship at the University of Michigan. He succeeds Kalpesh Panchal, MD who has left the department to join the Veterans Administration in Dayton, Ohio. Dr. Flink has been a member of the Emergency Radiology Section since its inception in 2012, and Dr. Panchal was the original chief of the section.

Rebecca Cornelius, MD

## Cornelius Joins Cancer Discussion

Rebecca Cornelius, MD joined fellow UC Cancer Institute doctors John Morris, MD and Thomas Herzog, MD for a panel discussion on WVXU Radio on March 24. They previewed the new Ken Burns documentary Cancer: The Emperor of All Maladies, which began airing on PBS television on March 30, and the general state of knowledge about cancer.

Listen to the interview at <http://wvxu.org/post/we-preview-pbs-special-cancer-emperor-all-maladies-3-doctors-uc-cancer-inst>

## Cornelius Appointed Editor

Rebecca Cornelius, MD has been appointed to the position of Radiology editor for JAMA Otolaryngology - Head & Neck Surgery. She will be the primary editor for the Clinical Problems Solving in Radiology section and will also review and edit all submissions to the journal which include any imaging.

# DEPARTMENT UPDATES

## Lawson New EDDBA

Leslie Lawson, RN, MHA

Leslie Lawson RN, MHA is the new Executive Director of Business Administration for UC Radiology, effective March 9, 2015. A Michigan native, Leslie earned a BS in Health Communications from Grand Valley State University. She received her RN at the University of Southern Indiana in Evansville, and a Masters of Health Administration from Xavier in 2010. Leslie was formerly the Clinical Operations Manager for Healthpoint Family Care in Northern Kentucky. Since 2011 Leslie has been Assistant Director of Business Administration for the UC Department of Surgery.

## Peach Named IR Supervisor

Libbie Peach, RN-BC

Elizabeth (Libbie) Peach, RN-BC, CPA was named Supervisor of Interventional Radiology in January 2015. Libbie has spent the last 5 years in Interventional Radiology, and before that worked in the Neuroscience Intensive Care Unit. She is also a Certified Public Accountant.

## Stallworth Named Manager

Amanda Stallworth RT (R, CT)

Amanda Stallworth, RT (R, CT) was named Manager of Diagnostic Radiology and CT in January 2015. She has been with UCMC for over 10 years, and served as the Lead CT Technologist for the last 4 years. Amanda had been the Interim manager of Radiology and CT for several months.

## Christy Carr Receives DAISY Award

Christy Carr, RN, Clinical Nurse Specialist in Interventional Radiology, received the University of Cincinnati Medical Center February 2015 DAISY Award for Extraordinary Nurses. She was nominated by the family of a patient being treated by Ross Ristagno, MD for a recurrence of hepatic cancer. They said he received outstanding care from the whole staff, but they especially appreciated Christy's pep talks, dietary advice, and willingness to talk to them both during regular hours and on her own time. The family said, "It is obvious she loves her job and makes patients her priority."

Christy Carr, RN

The DAISY Award was started in 1999 in memory of J. Patrick Barnes, a patient with Idiopathic Thrombocytopenia Purpura, to recognize the nurses who had cared for him. The name DAISY originally referred to Diseases Attacking the Immune System, but the sponsoring foundation allows each institution where the award is given to tailor its criteria to their own circumstances and culture.

## Felisha Corman is Lead Registrar

Felisha Corman

Felisha Corman was named Lead Registrar for UCMC Radiology in March 2015. She is responsible for providing responses and addressing any staff and patient issues, questions, or problems within the department related to registration. Felisha was a registrar with several departments of UC Physicians for ten years.

## Best Doctors

Cincinnati Magazine published its new Top Doctors list in January, 2015. They explained, “We asked more than 5,000 physicians—both M.D.s and D.O.s—to tell us whom they would turn to if ‘you, a family member, or a friend needed medical attention.’ Doctors on this list received at least five votes from their peers.” UC Radiologists are included on the list, under Interventional Radiology: Todd Abruzzo, MD, Neil Johnson, MD, Ross Ristagno, MD, and Doan Vu, MD. Under Radiology, Cincinnati listed: K. Ann Choe, MD, Mary Gaskill-Shipley, MD, Mary Mahoney, MD, Ralph Shipley, MD, Thomas Tomsick, MD, and Sadhna Verma, MD. Jonathan Moulton, MD was included in both categories.

Also appearing in January, 2015 was the Cincy Business Best Doctors List. Based on a survey taken by Best Doctors in America which asks local doctors who they would name “if you or a loved one needed a doctor in your specialty,” this list named the following: Nuclear Medicine: Edward B. Silberstein, MD; Pediatric Nuclear Medicine: Michael J. Gelfand, MD; Pediatric Radiology: William S. Ball, Jr., MD, Alan S. Brody, MD, Brian D. Coley, MD, Tal Laor, MD; Radiology: Rebecca Sue Cornelius, MD, Robert R. Lukin, MD, Mary Mahoney, MD, Thomas Tomsick, MD.

### Class of 2020 Match

The University of Cincinnati Department of Radiology is pleased to introduce its residency program Class of 2020. We look forward to them joining the department in July 2016:

#### Bradley Abraham

Philadelphia College of Osteopathic Medicine

#### Katherine Abraham

Marshall University Joan C. Edwards School of Medicine

#### Ronald Erdelyi

Wright State University Boonshoft School of Medicine

#### Jesse Hinton

Mercer University School of Medicine

#### Rakesh Patel

University of Tennessee Health Sciences Center

#### Andrew Pavlina

Indiana University School of Medicine

#### Steven Summers

Ohio University College of Osteopathic Medicine

#### Sally Woods

University of Cincinnati College of Medicine

We would also like to congratulate these students of the University of Cincinnati College of Medicine who have matched into radiology residency programs:

#### Nour Aly

University of Iowa

#### Khanant Desai

Brigham & Women's Hospital

#### Christopher Doyle

University of Chicago

#### Priyal Gupta

Cleveland Clinic

#### Christopher Heald

Wake Forest

#### Gretchen Lockhart

Allegheny General Hospital

#### Junzi Shi

Brigham & Women's Hospital

#### Jonathon Weber

Northwestern University

#### Andrew Wong

University of California-Davis
